// Experience

2013-Now **Freelance** Freelance Web Developer

As Freelance, I speak as an expert PHP and Symfony. I also create websites, web applications, mobile applications, etc. ... for businesses and individuals. My SEO expertise is recognized by my clients

2007-2013 **Santévet** Lead Web Developer

SantéVet is, since its inception in 2003, the french pet insurance leader.

I participated in the development of the internal software company, created the website and mobile site, framed web developments, administrated web server, trained users, etc ...

2007 **E-Visibilité** Web Developer

E-Visibility is an SEO agency based in Lyon, France. I did a 4-month internship to optimize SEO multiple websites. I also developed a website builder in order to offer a new service to customers.
